HANDIC 65C**

**5 WATT, 6 CHANNEL**  
The Handic 65C can do anything a normal 5 watt mobile transceiver can.

**— PLUS — PLUS —**

- If your boat battery is flat, no problem the 65C reverts to portable power.
- Should you have to quit your boat in a hurry, your 65C goes with you, enabling you to guide rescue vessels to you, from your life raft or even in your life jacket.
- No problems with theft, take the 65C home with you, listen in and see how they are biting before leaving home.

**ACCESSORIES include:**  
speaker/microphone, rechargeable batteries, selective call alarm.

*Available from marine dealers everywhere*
