POSTAL & TELECOMMUNICATIONS DEPT.

**CB RADIO
WHAT CHANNELS?
PUBLIC COMMENT WANTED**

Radio frequency arrangements and regulations for CB radio are to be reviewed.

The Postal and Telecommunications Department is conducting a public inquiry with the following terms of reference.

To report to the Minister for Post and Telecommunications as soon as possible on whether the present 18 channel 27 MHz Citizens Band Radio Service, which was established on 2 June 1977, should be retained after June 1982.

In considering this issue regard should be had to:

- (1) all matters associated with the technical operating conditions, regulations, frequencies, channel allocations and procedures governing the Citizens Band Radio Service in both the HF (27 MHz) and UHF (477 MHz) bands;
- (2) the need to utilise and manage the radio frequency spectrum for the maximum overall benefit to the Australian community;
- (3) Australia's international obligations in radio frequency management; and
- (4) the need to minimise interference to other services.

The Department is seeking written submissions on these issues from interested individuals and organisations.

Submissions should be sent to:

**First Assistant Secretary
Radio Frequency Management Division
Postal and Telecommunications Department
PO Box 5412CC
MELBOURNE VIC. 3001**

CLOSING DATE FOR SUBMISSIONS:
